

Fuzion Will Be The Social Hub For Teens

Teens want to hang out, whether at the movies, the local Walmart, or a friends home. When teens are bored they find things to do. The things they find to do are often detrimental to themselves and others. Fuzion will offer everything possible to help teens stay busy and having fun. The Fuzion teen center will include:

- basketball court
- two internet cafes
- comfortable seating areas
- arcade
- gaming tables
- recording studio
- restaurant
- multimedia room

Our teen center will be large enough to house events such as concerts, rallies, and conferences geared toward teens. All of these opportunities and amenities will be offered at no cost to students except the restaurant. The restaurant will not be owned by SIYMN but leased at low cost to a local establishment willing to offer reduced rates to teens.

The Mission of Fuzion

To provide a **safe environment** that will become the central social hub for teenagers in the South Iredell region where they can **develop socially** and **explore faith** in a comfortable and inviting atmosphere through **strategic programming** and **positive semi-structured activities**.

SIYMN:

The Fuzion Teen Center is a vision birthed in the hearts of the South Iredell Youth Ministry Network. We are a network of professional youth workers who have realized that we cannot affect every teen on our own. The youth center will be the realization of a dream: that every teen in our region will have a safe place to go where they are loved.

SIYMN
687 Brawley School Rd.
 Mooresville, NC 28117

Projected Annual Budget

Programs/Events	70,060
Administration	108,940
(1 full, 2 part)	
Utilities	25,000
Maintenance	35,000
Insurance	36,000
Security	36,000

*This is annual opening cost and does not include lease or mortgage for the facility.

After School Benefits

Fuzion Teen Center will include two Internet Cafes. One of these will be open air, near the gaming area, while the other will be located in a room designed for study and creative reflection. This room will house close to 20 high-speed computers, a large project table, and an informal seating area for reading and study. Tutors will be available to assist students.

What It Will Mean For Businesses

Fuzion Teen Center will provide students with a positive environment where their creativity in the areas of learning, technology, music, and athletics can be enhanced. Teens in our area from underprivileged backgrounds will have access to technology, information, and tutors to help them excel in the classroom and in life, enabling them to be an asset to your business and our community.

Teens who are not on athletic teams can have the opportunity to participate in physical programs such as basketball. Without this opportunity, many of these teens will statistically become obese. They will require higher insurance premiums from businesses like yours as they enter the work force.

Perhaps the greatest benefit to your business will be the overall appeal that a teen center will bring to those seeking to transplant their families to Iredell County. Although a good company and salary are an incentive to bring in the best and the brightest, an environment to start a family and raise children in is also key. The after-school hours offered by Fuzion will give those parents comfort as they move their families to the South Iredell region to help your company grow.

How Your Business Can Help

Making Fuzion Teen Center a reality will take no small effort. We need your business on board to ensure a brighter future for our children. Our community sees the need; wouldn't it be great if they saw you do something about it? We are looking for companies to make a sizable investment in the future of Mooresville and all of the South Iredell Region. Your tax deductible gift to SIYMN will help purchase the building, perform a substantial up-fit, and finally set up an endowment from which the operations cost will be taken. All monetary gifts are welcome and will be used to make Fuzion a reality.
